THE MINISTER OF PETROLEUM AND NATURAL GAS (SHRI MANI SHANKAR AIYAR): (a) to (d) Since 1.4.2002, the public sector oil marketing companies have been reviewing the selling price of petrol on a fornightly basis in consultation with the Ministry of Petroleum and Natural Gas.

Revision in LPG Price

540. SHRIMATI S.G. INDIRA: Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

(a) whether Government are considering to reduce the cost of LPG in the light of reduction of price on petroleum products as has been done in the case of petrol; and

(b) if so, the details thereof?

THE MINISTER OF PETROLEUM AND NATURAL GAS (SHRI MANI SHANKAR AIYAR): (a) and (b) Domestic LPG is a subsidized product. In addition to the Government subsidy, oil PSUs have been sharing the burden by not passing the full increase in international prices on to the consumer prices of domestic LPG. During the first half of 2004-05, the estimated provisional under-recovery/subsidy on domestic LPG was as follows:

Product	Government Subsidy	Oil PSUs' under-recoveries	Total Subsidy/under-recoveries
Domestic LPG (Rs./Cylinder)	22.58	133.03	135.61

The Oil marketing companies reduced the prices of petrol effective 16.11.04 taking into account the reduction in international petrol prices. However, the domestic consumer price of domestic LPG is much lower than the import parity price.
